

One Florida Bank

We're a Florida-based bank dedicated to relationship-based banking

As a Florida-based bank, we believe a locally owned and managed bank better serves your needs, with decisions made locally by an experienced team of bankers and a board of directors steeped in Florida's entrepreneurial spirit.

Our team is committed to relationship-based banking. We take a local, personal approach to everything we do, from understanding your needs and goals to providing products and services with exceptional value. We believe that this same focus on relationships is what has allowed us to attract and retain some of the best banking talent in the state. We're proud of the team we've built. One Florida believes that

creating a respectful, hardworking and fun environment benefits our team members, shareholders, partners, and our clients.

From birthday celebrations, potluck lunches, and ugly sweater contests, to our monthly President Roundtables, frequent communication and an accessible leadership team, our employees are proud to call One Florida Bank home. Since February 2019, our team has delivered on opening four new branches, three additional offices and the hiring of 95 new team members...all while having a lot of fun, taking care of each other, growing our bank, and providing the best in products and services to our clients.

As we continue to strengthen our community ties and foster new relationships across Florida, we are committed to developing new and expanded products and services designed to meet the needs of our clients. Providing services like treasury management, state-of-the-art technology, and timely, local loan decisions will help Florida businesses thrive.

Our team is committed to helping Florida grow, whether that means helping clients with their business needs or volunteering for Habitat for Humanity. And we believe that is done best when individuals work together - one-on-one - to forge understanding, stronger relationships and common goals.

We are committed to knowing you personally, understanding your needs and goals, and providing products and services that will support you along the way. We believe when we work together, our goals are One.
